IBS-CMM

Integrated Booking System – Container Management Module

INTRODUCTION & CREATE LOGIN

WHAT IS IBS-CMM?

IBS-CMM stands for INTEGRATED BOOKING SYSTEM – CONTAINER MANAGEMENT MODULE.

IBS-CMM is the Container Management Database System of record for the CENTCOM Area of Operations (AOR)

TYPES OF USERS

- SUPER USER (SDDC) ← CME Tool
- REPORT USER – (CCA/CCO) ← Manager's Tool
- STRATEGIC LIFT – (USER AT PORT GEOLOC)
- THEATER USER – (INLAND GEOLOC USER)
- OCEAN CARRIER – (MAERSK, APL …)

USER ROLES

FUNCTIONS	ROLES			
	CME	Strategic Lift User (Port Manager)	Theater User	Carrier
In-Gate In-bound Containers	√	√	√	
Update Container Status/Details	√	√	√	
RFID Tag Status Update	√	√	√	
Trans-load Containers	√	√	√	
Out-gate Containers	√	√	√	
Notify Carrier for Pick up	√	√	√	
Add New Container	√	√	√	
Report Completed Carrier Pick up	√	√	√	
Discharge Container	√	√		
Export Container	√	√		
Modify a Container Record	√			
Approve New Container Records	√			
Re-designate Container	√			
Validate Destroyed/ Irreparable Containers	√			

CREATE LOGIN

- **https://cmst.arcent.army.mil**
- Read "Non-Existing ETA Account" in order to create a new login account.
- Allow 5-7 days for account access.
- **centcom-cme@arifjan.arcent.army.mil** (CME E-mail)

Integrated Booking System Container Management Module (IBS CMM)
(IBS CMM) Updates AS OF 15 March 2007
Login through ETA
ETA Home (to register)
Important Notice:
The TEXT Ocean Carrier Code for Textainer has been added.
The owner code P for Non-Military(CAGOP) containers has been added.
New Feature/Update:
An Inventory Status Check All Box is now available for the Found, Lost, and Verified check boxes.
Click on ETA Home (to register)
IBS CMM
Login through ETA link: Login with your User ID and Password and click the Submit button. You'll then get re-directed to the IBS CMM home page.
ETA Home (to register) link:
Non-Existing ETA Account - select Register for First Time (link near the top of the page), scroll part way down the next page and check the IBS CMM - CENTCOM check box and pick an IBS CMM - CENTCOM Role, scroll down to the bottom of the page and click on the Generate Request Form button. On the next page, fill in the mandatory fields and any other POC info and then click on the Submit Request button.
Existing ETA Account - select Register for Add'l Systems (link near the top of the page), log in with your ETA User ID and password, scroll part way down the next page and check the IBS CMM - CENTCOM check box and pick an IBS CMM - CENTCOM Role, scroll down to the bottom of the page and click on the Generate Request Form button. On the next page fill in the mandatory fields and update any other POC info and then click on the Submit Request button.
CMSS: Version 22 Ingate/Outgate Spreadsheet is downloadable for all locations in three formats (KU/IZ, AF/PK/UZ, and AE/BA/DJ/MU/QA). Please do not use other versions.
1188th CME Email: The centcom-cme@arifjan.arcent.army.mil email address is valid for the 1188th TTBN Container Management Element cell in Kuwait as well as the 1188th TTBN CME LNO's in Iraq and Afghanistan.
CMST Training Slides: Download the CMST Training Slides here - produced by the 1188th TTBN CME. It is recommended that you Save the slides vice Opening directly.
INVENTORIES ARE DUE BETWEEN THE 1st AND THE 20th OF THE MONTH
PLEASE TRAIN YOUR REPLACEMENT BEFORE LEAVING THE CENTCOM AOR

ETA Electronic Transportation Acquisition

STOP

This form is for first-time registrations only. If you already have an ETA account, please do one of the following:

- If you wish to apply for another system through ETA, do not fill out this form. Instead, Register for Additional ETA Systems.
- If you have forgotten your password, Request a New Password.
- If you have forgotten your user ID, Contact an ETA Administrator.
- If you wish to update your account info (e.g., address, phone number, etc.), Edit Your User Profile.

READ THIS FIRST, THEN SCROLL DOWN THE PAGE

New User Registration for ETA

Step 1 of 2
Estimated time of completion: both steps together will take about five minutes.

- Please select one or more systems below to register for by checking the square to the left of the system name.
- Select a role if there is a list of roles for the system for which you are requesting access. A role determines the applications within a system that you will be allowed to use. You may only choose one role per system.
- Click an "Info" link in the right-most column to open a pop-up window with a description of that system. There is a question mark icon next to systems that provide additional information. Click the question mark in order to view this information.
- Click the "Generate Request Form" button at the bottom when you've selected all systems, and respective roles, for which you would like access.

ETA Electronic Transportation Acquisition
Record your ID. You will need this to LOGIN to IBS-CMM
Thank you for your request(s).
Print this message now if you need a paper copy. This page will not be accessible later. (Note, you will receive an e-mail confirmation containing the information on this page.)
Your Request ID is: doe0009
This Request ID will become your ETA User ID upon approval. Please include your Request ID/User ID in all correspondence with ETA administrators.
You requested access to the following system(s): IBS CMM - CENTCOM
Please allow 5-7 business days for your request(s) to be processed. Requests are processed individually by the administrators of the systems for which you applied. You will receive an approval or denial e-mail for each system that you selected. If you do not receive notification from a system within 5-7 business days, please contact that system's administrator using the appropriate e-mail address below.
Note: It is VERY IMPORTANT that we have your correct e-mail address on file. You should receive a separate e-mail confirmation containing the information on this page shortly. If you do not receive this e-mail confirmation within 24 hours, please contact one of the ETA System Administrators below:

Description
Discharge Containers
Shows all containers and count of containers by Vessel Name. Selecting the Vessel Name will allow discharging for all containers on that vessel.
Export Containers
Shows all containers at your location that may be loaded on a vessel for export from the theater.
In-Gate Inbound Containers
Shows all containers with basic details that are coming to your location (based on "next destination" entry at last out-gate). You can view, print and In-gate.
Update a Container Record
Shows all containers with basic details at your location, You will be able to modify container status and other information.
ontainer
Shows all carrier containers. You can modify fields to reflect trans-loading.
tainers
This will show all containers as users location. User can choose option to outgate a found container. Can view, printout and outgate.
Notify Carrier For Pick Up
This will show all carrier containers at user location.
Report Completed Carrier Pickup
This will show all carrier containers that carriers have been notified to pick up but have not yet picked up.
Create New Container Record
User can create a new container record for a container if it doesn't exist.
InGate/OutGate Upload
Upload InGateOutGate spreadsheets.
InGate/OutGate Spreadsheets
Download the latest InGate/OutGate Spreadsheets containing updated location codes/names.
